## Fault Fix for Women

Do you want to fix faults in your game but can't commit to a six-week clinic? Then Fault Fix sessions are for you!

Pay as you go, weekly tune-up sessions are now available every Tuesday, Thursday and Saturday with PGA Professional, Claire Elvidge.

Each week the clinics will cover a different area of both the full swing and short game. You can find out what Claire will be covering this week by visiting our Facebook page.

**Numbers per class are limited and weekly registration is essential.**
